Consistent with past practice, all departments requesting to increase their respective budget have the opportunity to submit a Budget Augmentation Request accompanied with detailed explanation. Included in this board item, is an augmentation schedule that reflects the CEO’s recommendations for each augmentation request received from departments.
In total, the County Executive Office received 51 General Fund augmentation requests and 68 augmentation requests from all other funds. Seven (7) General Fund augmentations contained no fiscal impact to the General Fund with a total cost of $223,602 and are being recommended for approval. Additionally, nine (9) augmentations with an impact to the General Fund in the amount of $309,543 are also being recommended. Of this total, $212,704 is for a contribution to Fire Protection in order to increase their Extra-help personnel. Furthermore, approximately $3.8 million in augmentations from other funding sources are being recommended for approval. From this total, $1.6 million is for Behavioral Health Services and $599,504 for the Air Pollution Control District. There were additional augmentations submitted as adjustment/corrections and recommended for approval.

The Proposal to Balance schedule included in this board item reflects a carryover fund balance of $15 million. It is important to note that in FY2021-21 a total of $5.7 million in ARPA funds was transferred to the General Fund to cover Revenue Loss and personal protective equipment (PPE) expenses. Additionally, $4.1 million in CARES Act funds was transferred to cover payroll for COVID related activities.
