INTRODUCTION & OVERVIEW

FY 2026-2027

RECOMMENDED BUDGET

JUNE 23, 2026

WELCOME TO IMPERIAL COUNTY

Imperial County is home to approximately 182,863 residents which live and work within its seven cities (Brawley, Calexico, Calipatria, El Centro, Holtville, Imperial and Westmorland) and eight unincorporated communities (Bombay Beach, Heber, Niland, Ocotillo, Palo Verde, Salton City, Seeley and Winterhaven). The County was the last to be established in California in 1907; however, it is the ninth largest California County encompassing 4,482 square miles.

We have a rich agricultural heritage, which includes the production of half of our nation's winter vegetables, an extensive amount of renewable resources, including geothermal, wind and solar, a wide range of cultural and outdoor recreational activities with hundreds of points of interest such as the Imperial Sand Dunes Recreation Area, a magnet for off-road enthusiasts, and the Sonny Bono Salton Sea National Wildlife Refuge, a renowned birding site, and a lively population with frequent family-oriented community events.

Board of Supervisors
County of Imperial
940 Main St.
El Centro, CA 92243

Dear Honorable Board Members:

After careful consideration and collaborative planning, I am pleased to present the Fiscal Year 2026-2027 Recommended Budget for the County of Imperial. This comprehensive budget has been prepared in strict compliance with the County Budget Act (California Government Sections 29000-29144 and 30200), which mandates that counties adopt a balanced recommended budget by June 30 and a final adopted budget no later than October 2.

The proposed budget is strategically designed to ensure that County departments remain equipped with the necessary fiscal resources to deliver essential public services, maintain critical infrastructure, and safeguard the well-being of our community.

The total proposed budget across all operating funds is \$797.3 million, reflecting a 4.4% increase from the prior fiscal year's budget of \$763.5 million.

To illustrate our strategic proprieties, the comprehensive county-wide appropriations across all funds are detailed below:

- Public Assistance: \$232.2 million (29.1%)
- Health and Sanitation: \$224.9 million (28.2%)
- Public Protection: \$144.6 million (18.1%)
- General Government: \$135.3 million (17.0%)
- Public Ways, Facilities & Other \$60.2 (7.6%)

General Fund and Fiscal Sustainability

The Recommended Budget proposes **\$149.8 million** in General Fund discretionary spending, which reflects an increase of \$7.24 million (or 4.8%) over the previous year's adopted budget. Within the General Fund, operational appropriations are structurally prioritized as follows:

"Establishing Direction. Creating Opportunity."

- Public Protection: \$102.4 million (68.4%)
- General Government: \$30 million (20%)
- Public Assistance: \$15 million (10%)
- Public Ways, Facilities & Other \$2.4 million (1.6%)

Economic Outlook and Cost Mitigation Strategies

This budget comes at a time of significant and statewide uncertainty. We are navigating an environment where inflation continues to drive prices up, while business activity and consumer spending are concurrently slowing down. This economic contraction is directly impacting on our revenue streams, as evidenced by a projected decrease in local sales tax revenues.

Even with these economic challenges, the County stands firm in its commitments. Maintaining core, essential services and ensuring public safety both remain our absolute top priority. This dual focus is reflected in our structured resource allocation, with nearly 70% of our general fund discretionary spending dedicated to Public Protection.

To safeguard these vital functions while ensuring long-term fiscal stability, departments were asked to submit a 3% budget reduction proposal. Through a combination of strategic expense reductions and targeted revenue enhancements, we successfully reduced General Fund operational costs by \$3.4 million without compromising our core mission. As a critical component of these expense reductions, the County is recommending to unfund a total 15 vacant positions across various General Fund departments.

Note on Reserves: Due to pending, past-due audited financial statements, the precise General Fund balance and available reserves are currently unknown. We are treating this uncertainty with extreme fiscal prudence until a definite valuation can be established.

Workforce and Specialized Funding

Personnel and Staffing: This Recommended Budget supports 2,656 funded full-time positions, a net increase of 3 positions from the previous fiscal year. Of these, 419 are currently vacant funded positions, including 88 within the General Fund. By recommending to unfund 15 vacant positions across General Fund departments, we explicitly acknowledge the resulting impact on day-to-day operations. However, we are confident that through robust efficiency improvements and modern technology, our teams will successfully adapt and remain fully capable of providing uninterrupted core services to our community.

Labor and Compensation Commitments: Recognizing our employees are our most valuable assets in delivering services, this proposed budget fully incorporates our labor agreements. Specifically, it includes the approved MOU of a 3% salary increase alongside the 5% merit increase for all qualified employees.

"Establishing Direction, Creating Opportunity"

Information Technology and Infrastructure: This recommended budget covers essential Information Technology (IT) expenses across County operations. Allocating resources to modernizing our IT systems is a critical component of our ongoing efforts to improve operational efficiency, streamline departmental workflow, and better serve our constituents.

Strategic General Fund Contributions: In alignment with our commitment to core services, the General Fund is increasing its operational contributions to the Fire Department and Office of Emergency Services this fiscal year to support critical emergency response services. Furthermore, the budget establishes a new contribution to POE Colonia, expanding our regional support and addressing vital community needs.

Key Timeline & Upcoming Dates:

- August 18, 2026: Public Budget Hearings
- September 22, 2026: Final Budget Presentation
- December 1, 2026: Adopted Budget Submittal to State Controller

Requested Action:

1. Accept and approve the Fiscal Year 2026-2027 Recommended Budget.
2. Approve the FY 2026-2027 Authorized Allocations and Vacancies Report dated June 2, 2026.
3. Approve the transfer of 10% of Realignment funds from Behavioral Health and Public Health to Social Services, estimated at \$1,776,397, subject to adjustment based on final Realignment allocation amounts.
4. Approve the withdrawal of \$2,200,000 from the Public Agency Retirement Services (PARS) trust to fund a portion of the County's Retirement Health costs.
5. Establish August 18, 2026, as the date to conduct Budget Hearings and address public comments, approval of recommended augmentations and to hear appeals to non-recommended budget augmentations.

I want to extend my gratitude to the department heads, fiscal staff, and your Honorable Board for your continued leadership and dedication to protecting our community, maintaining core services, and ensuring the fiscal health of Imperial County during these challenging economic times.

Respectfully submitted,

Dr. Kathleen Lang
County Executive Officer

Cooperative Extension

Description

Cooperative Extension is a collaborative partnership between Imperial County, The University of California Division of Agriculture and Natural Resources (UCANR) and the United States Department of Agriculture (USDA). It is the statewide, off-campus arm of the UCANR. Programs within the Cooperative Extension department include agriculture (Agronomy, Irrigation and Water Management, Livestock, and Weed Science) and youth, family, and communities (YFC) which includes CalFresh Healthy Living and 4H club programs. Information is developed, tested, and presented on these subjects by the department's advisors, research scientists, community educators and their Staff Research Associate (SRA), and lab and field assistants.

Financial resources to the Cooperative Extension are allocated from the above three entities. Additional sources of funding come from individuals, private and public groups, grants and gifts. This structure is unique among other County departments. Imperial County, a critical component of the Extension model, provides clerical staff, office space and operational expenses to help support this vital program which ultimately provides services to the citizens of Imperial County.
